

## Lock and Tide Times 2020

The following information is based on the information for Seacombe (Alfred Dock) provided by the UK Hydrographic Office via [www.TideTimes.org.uk](http://www.TideTimes.org.uk).

All times have been adjusted for BST where appropriate.

The following guide indicates the time in hours and minutes before and after high tide when the lock is expected to open and close. Please note that last lock is 20 minutes before lock close to allow for vessels to enter and leave the lock.

<b>HOT</b>	<b>Open</b>	<b>Close</b>	<b>HOT</b>	<b>Open</b>	<b>Close</b>
